Maruti 800 Problem - Team-BHP

I bought a maruti 800 in 2007 july and immediatly fitted with a Lovato LPG kit after the first service. I was very ignorant about cars and new in using a personal vehicle. After 1 month of the LPG use my car engine stopped during a journey and the service people told me that the Lpg kit was fitted in a wrong way and the breakdown was because of over heating of the engine.

My problems with new Maruti 800 fitted with lovato LPG ...

My 1997 model Maruti 800 Car has created overheating of engine problems twice within a year's span when it was stuck in the traffic jam.This resulted into spillage of coolant, fumes and what

not.After I got it checked from the authorised Maruti Service Station even, no fault was detected.It seems the fan during such events does not start and hence the problem but why it happens sometimes?
