### **Manual Audiophile Ford**

Ford has three different stereo options for a vehicle coming out of the factory. The most advanced of these is the Audiophile. It costs significantly more than the other two options. On the 2006 Ford Focus the additional price for the Audiophile was over \$400. On the 2007 Explorer Trac, the cost was just over \$500.

The owner's manual does not describe this function nor does the "Phone" button mute the audio as I tried this before emailing you. I suggest you look into whether this is related to connecting a bluetooth interface option with the radio and provide correct information with references to Ford documentation.
