I have a 1983 mercury 70 hp outboard engine and the tilt ...

Re: 70HP Johnson Engine Mount? The upper engine mount requires that the power head be pulled. I did mine over a weekend but if you have never done it before buy a manual and see if you are up to the task. The lower mounts are under the plates on each side of your motor just above the lower unit. 70 HP bouncing around on the transom is not good.
