Re: Mercruiser 488 Hay Beefer: welcome to the 470 club If I had just acquired a 470, there are a few things I would do: Try to find out the last time the impeller was changed, and if over 3 years ago, install a new one. Check the charging system to make sure that it is working OK. While warmed up and running, check the weep hole on the lower starboard of the water pump on the engine for any ...

This struck me because as most all marine engines in an i/o application I could think of began their life as automotive based engines. The 3.7 however was different, the 3.7 was never an automotive based engine. It was designed from the beginning for a marine application, the block by MerCruiser the head by Ford, the internals a joint effort.
