The text of the book covers the complete syllabus of the subject – Engineering Drawing (Graphics) of various Technical Universities all over the country and is also linked with a website, an ...

(PDF) A Textbook of Engineering Drawing A Textbook of

An engineering drawing, a type of technical drawing, is used to fully and clearly define requirements for engineered items. Engineering drawing (the activity) produces engineering drawings (the documents). More than merely the drawing of pictures, it is also a language—a graphical language that communicates ideas and information from one mind to another.
