According to USA Today, manual-equipped cars accounted for 6.5 percent of all new car sales during the first quarter of 2012. That's nearly double the sales rate for manuals in 2011, and the highest figure since manuals accounted for 7.2 percent of car purchases in 2006. The increased popularity is causing automakers to take note.

Manual Transmissions Regaining Popularity - Autotrader

OK, don't burn your car sales training manual, but recognize the shortcomings. In all seriousness, your training manual is one of the most important tools your sales team has. It covers all the bases to be soaked in about the business, its products, and much more.
