Growing and harvesting coffee involves labour-intensive manual work, such as picking, sorting, pruning, weeding, spraying, fertilising and transporting. Factors outside of a farmer's control – such as global commodity prices, free market economic policies, adverse weather and shifting market shares

LABOUR EXPLOITATION IN THE GLOBAL COFFEE INDUSTRY

Manual labour (in British English, manual labor in American English) or manual work is physical work done by people, most especially in contrast to that done by machines, and to that done by working animals. It is most literally work done with the hands (the word "manual" comes from the Latin word for hand), and, by figurative extension, it is work done with any of the muscles and bones of the ...
