Manual of engineering drawing. Second edition - PDF Free ...

An engineering drawing, a type of technical drawing, is used to fully and clearly define requirements for engineered items. Engineering drawing produces engineering drawings. More than merely the drawing of pictures, it is also a language—a graphical language that communicates ideas and information from one mind to another.

Engineering drawing - Wikipedia

Manual of engineering drawing, Second edition Manual of engineering drawing The general trend in Engineering Design had been that the designer who was responsible for the conception and design of a particular product generally specified other aspects of the manufacturing process.
