Manual Erp

ERP is designed in such way that different user can login into the system and work together in tandem to achieve the objectives and goal of the company. This multi user environment helps the user to create request/document and get approved or notified as and when its status changed until got implemented.

ERP User Manual - Bangarasoft - Home

Our ERP user manual shows how a blue print should be drawn with details of migration and other things and scientific analysis of 'to be adoption' and its phase-execution. The activities for the overall implementation program should be planned with time units. The consulting firms overlook the time required for data collection and policy decisions on master's settings.
