I love manual steering, but I guess it could be dependent on the vehicle. The combination of oversized tires and a manual transmission may not work for me on a TJ, but I wouldn't know until I tried. I've had a number of cars with manual steering through the years. I've always liked the feel, personally.

### **Manual steering gear box question | Jeep Wrangler TJ Forum**

Would the entire transmission explode? In this article, we'll answer all of these questions and more as we explore the interior of a manual transmission. Cars need transmissions because of the physics of the gasoline engine. First, any engine has a redline — a maximum rpm value above which the engine cannot go without exploding.
