They don't make repair or service manuals for boats. The best you might find an Owner's Manual, but in most cases they don't have much in them and Larson has none listed except for current models. You would be better served by getting a repair manual for the power plant and drive.

I have a 2002 sei 180 larsen boat that the bilge pump is killing the battery. The drain is out the stern and I think water from the lake is being siphoned back thru the pump after it shuts off and is filling the back of the boat and then pumping it out again. I find the back of the boat and the bilge is dry but I find water in the battery case indicating that the water must have rose that high ...

**larson 180 sei in Parts & Accessories | eBay**

I bought a Larson 2003 last year and bought the boat because Larson's are one of the better boats around. I am moving up to a larger size boat because of needs - most likely 19 to 20 feet, but Larson, Glastron and Mariah all have the VEC hull design and stainless steel parts making these boats better.
