Mazda 3 sport manual shift.

Today, I wanted to try out the Mazda 3's manual mode because it's been a while since I used it. I'm extremely inexperienced when it comes to manuals so I've not used the manual mode in a while. So when I did put it to manual mode, I noticed that I was changing gears differently than when the car is in automatic mode.

I have been playing around with the manual shift mode a bit on my 2017 CX-5. If you don't already know, this car has an automatic transmission, but it has this "manual shift mode" feature which simulates a manual transmission by letting me up and down shift. I have never driven a real manual before, so this was all new to me.
