Finally bumped into a driver that had a 2015 Prostar with the new SCR equipped Maxxforce in it. He had previously had one of the super EGR versions and said it was a difference between night and day. The newer engine runs sooo much better. Good power and very fuel efficient. Maybe Navistar

is starting to get that engine right.

MaxxForce | The Truckers Forum

Thanks to the wise decision to dump EGR and partner with Cummins, International has managed to claw it's way back to profitably through plant closures and other divestitures. But yet the pain still lingers. Maxxforce engines were supposed to free International from the hassles of dealing with outside suppliers.
