The end effector is most likely not from the auto industry and the robots look clean, so I'd expect handling tool to be the software on the controller. You'll get zero support from Fanuc unless you are willing to pay their fee to licence the robot, and the software, and the options if you need them.

Fanuc S420 - practicalmachinist.com

Year 1999. The Fanuc S-420iF is a six axis robot which features a reduced payload and larger work envelope, suitable for handling applications.
