I have a pair of 2000 Mercruiser 502 MPI's. The motors start and run well. WOT RPM on the starboard motor is slower than the port by about 300 RPM (4800 vs. 5100). I have new fuel pressure gauges and senders (Gaffrig, this season), and the slower engine fuel pressure is about 38 psi, while the faster port engine reads about 46 psi.
