Where to add oil in a Mahindra 1500 series tractor.

We have good operators but they aren't always the ones that get on the tractors. Our tractors are basically wheel barrows with engines. We own a Mahindra 6000 4wd and up till this year I loved it but the clutch failed and i sent it to the dealership to have a new one installed. After a picking it up and \$3500 later we brought it to our yard.

Mahindra mCRD Diesel Technology - tractor.com

The Mahindra mCRD technology is the direct result of a \$30 million-dollar investment to redesign and re-engineer our Tier IV Engines for a simple and user-friendly solution. The result - we've created engines that don't utilize a Diesel Particulate Filter (DPF). This means no excess heat or burn off and less complexity for the operator.

Introducing our Tier IV "mCRD Technology" | Mahindra

Transmissions. With the motive to provide new-age technology in the changing world, Mahindra Powertrain has embarked on the journey to design and manufacture efficient transmission and powertrain solutions for automobiles. Mahindra Powertrain transmission is a gear box that optimally uses gears and gear trains to obtain maximum speed and torque conversions from the engine.
