Lumix G cameras are very similar in operation and you can use the following manuals as a good starting point for other models. I've recently upgraded to the Lumix G80 (G85), and have added a manual for that camera. I've taken the opportunity to change my approach to using the camera and to custom modes.

When you consider the incredible flexibility offered by digital capture (unencumbered by the physical need to put the film behind the lens and to advance it frame by frame) it's perhaps surprising that the digital interchangeable lens camera has remained so firmly rooted in a basic design that hasn't changed since the 1950's. The single lens reflex does its job very well, but building a camera ...
