Manual de Usuario e Instrucciones en Español, Descargar Gratis

If your app is running on a device with Android 6.0 (Marshmallow) or later and also targets Android API level 23 or higher, your app uses the Android Runtime Permission System. The Android Runtime Permission System asks the app's user to grant permissions while the app is running, instead of when the app is first installed.

Unity - Manual: Android Manifest

Throughout the manual you'll notice that for tasks that can be done on the fitbit.com dashboard or the Fitbit app, only the fitbit.com instructions appear—if you have the Fitbit app for iOS, Android, or Windows, you can easily find the comparable task in the app without needing tap-by-tap instructions here. That said, all the details of our
