I have been trying to find some details about the Volvo MD32A. From what i can see it looks like a 6 pot version of the Peugeot Indenor XDP 4.90 from the rocker box cover. Reason is that a friend is looking at a boat which has a siezed MD32A nad it would be nice to be able to source Peugeot parts as opposed to Volvo prices. Many thanks

The Diesel engine (also known as a compression-ignition or CI engine), named after Rudolf Diesel, is an internal combustion engine in which ignition of the fuel, which is injected into the combustion chamber, is caused by the elevated temperature of the air in the cylinder due to the mechanical compression (adiabatic compression). Diesel engines work by compressing only the air.
