If you already have a Mac, Setup Assistant can help you automatically transfer files, applications, and other information from your previous Mac to your new iMac. If you don't intend to keep or use your other Mac, it's best to deauthorize it from playing music, videos, or audiobooks that you've purchased from the iTunes Store.

Congratulations, you and your iMac were made for each other.

1) Select the device in the device list, and the information of the device such as the MAC address the software version and the serial number is shown in the left part.
