Parking with a manual transmission car is not as simple as doing it in an automatic vehicle. The automatic transmission has a Park (P) mode that you have to engage while setting the parking brake in place. Things are not so straightforward in a manual car, which often leave people confused about the right way of parking it.

### **Which Gear Should You Leave a Manual Transmission Car Parked In? - carfromjapan.com**

Emergency Brake – A manual transmission car does not have a parking gear like an automatic transmission car does. This means when you go to park your vehicle, you need to use the emergency parking brake. If you don't, then your car is simply going to roll away and that will cause all kinds of accidents and damages.
