Treadmills come in two basic varieties—motorized and non-motorized. Your workout will be different depending on your choice. You will have to put more effort into a workout on a manual treadmill, but most motorized treadmills have better features and construction.

### Manual vs. Motorized Treadmills - Verywell Fit

Manual treadmills work without the help of a motor, hence the name non-motorized treadmills. They are self-powered and as such, you have to start walking or running to set them in motion. If you are interested in purchasing a manual treadmill, you've certainly come to the right place.
