Newbie here so take it easy;) I'm welding with a Lincoln "handy mig" Im using .030" wire with C25 gas. It has worked very good for me until recently. My welds seam like they are not getting any gas to the puddle? Like i have the tank off... Its not off, and there is PLENTY of gas... I use a regulator with the guages, then i switched regulators to the one that came with the kit, thinking that ...
