NICE's engineering partnership with Motorola Solutions means that not only do we co-develop and test our solutions together – NICE's solutions are literally part of the Motorola Solutions' radio network. NICE is in lockstep with Motorola's rigorous internal D-Stream (previously

NICE and Motorola Solutions

The Switchmate II's solution is to mix the two audio channels into a single ear, which is obviously less than ideal. No one at Motorola, Shoretel (our VOIP provider) or Radiomate has been able to come up with a solution to send that "hey, I'm on the phone!" signal to the MCC7500 to get it to re-route the audio.

MCC7500 and hookswitch audio routing to speaker while on a ...
